### RALPH H. GRIMSHAW MEMORIAL SCHOLARSHIP

**Ohio Sheep Improvement Association**

Contact Ohio Sheep Improvement Association for an application at 614-246-8285 or www.ohiosheep.org

1. All breeding sheep and market lambs must have USDA official scrapie ear tag at the time of check in.

2. For Junior Breeding Sheep see your breed's session for the date and time to be penned in the barn.

3. All animals exhibited must have been a part of the exhibitor's project and cared for by the individual exhibitor on and after June 1, including all showing rights. Ownership of an animal will be considered lost if, after June 1, of the current year, the animal has been consigned or sold in a Junior Fair Livestock Sale or any other type of transaction, even if the exhibitor "buys back" his animal.

4. Junior Exhibitors must show their own animals. Exceptions will be made only for exhibitors who may be physically impaired, who have two animals entered in the same class, or an exhibitor is absent on show day due to other commitments. In case of these exceptions another boy or girl who is eligible to be an Ohio Junior Division Exhibitor may exhibit the animal with the authorization of the department director. If a Junior Fair Livestock Exhibitor cannot be present at the time of judging the exhibitor will need to present to the department director a written permission notice signed by the football coach, band director or any other person in charge of an activity that is in conflict and prevents the exhibitor from being present at the time of judging. This notice must be on official letterhead of the organization and given to the department director 24 hours before show day and must include name, county, birthdate, home phone number, and complete address of the exhibitor's, home and work of the person in charge of the event (i.e. football coach, band director, etc.) Also include a brief description of the conflict.

At the discretion of each breed, all breeding sheep shown may have one (1) additional 4-H or FFA member to assist in setting feet.

5. Junior breeding exhibitors may enter and show only two (2) entries per individual breeding class. For breeding animals list division number, class number, name of animal and registry number. If registry number is not available at time of entry, write "pending"; however, registry number must be available prior to show and correspond with name and birthdate. Substitutions can be made within a class at the time of checking registration papers, providing an entry has been made on the exhibitor's entry blank.

6. The show order and other necessary instructions for breeding classes, market classes, and other Junior Division Sheep activities will be posted at the Superintendent's office. Please watch this bulletin board for important announcements during the week.

7. Exhibitors must bring their own feed troughs, water buckets, and hay racks.

8. Preferred bedding is straw for breeding sheep. Grain, hay and straw, as well as first bedding, will not be furnished, but will be available for purchase. If carpeting is used, it must be kept clean at all times. If an exhibit is not maintained in a clean manner the exhibitor will be asked to remove their animals from the fairgrounds and forfeit all awards which have been presented.

9. All sheep showing in the Junior Division must be housed in space assigned by the management in order to be eligible for the Junior Show.

10. Superintendents reserve the right to split large classes in both market and breeding classes.

11. Age classifications for all Junior Division Sheep may vary according to breed. Check each breed listing.

12. All breeding sheep are required to have an ear identification, i.e. Association Tags, Flock Tags or Tattoos will be accepted. All identification must be plainly readable by show ring officials. Animals will be disqualified if they do not have a tag or tattoo in their ear at the time of showing.

13. All Junior Fair breeding sheep exhibited at the Ohio State Fair must have registration papers in the exhibitor's possession at check-in time. No sheep will be allowed to show if proper transfers have not been made and the correct paper checked in at the Junior Fair Office. No breed associations will be called.

Exhibitors must check-in papers at the times posted. No sheep will be allowed to show that have not checked in registration papers. No late arrivals and/or check-in's will be permitted the day of the show. No exceptions will be allowed.

14. Any breed failing to exhibit a total of 15 animals in the breeding classes will be cause for evaluation of continuing this breed in future shows.

15. All sheep are to be washed in the wash rack area provided on the north end of the barn. No sheep are to be washed in the grassy area around the barn.

16. Flock - Two ewes and a ram owned by exhibitor, either yearling, lamb or combination.

17. All second session sheep will be released on Saturday, August 6. Time to be determined by management.

18. Parking permits are available only if you show in open class. See Open Class Sheep Division for procedure and cost.

### IMPORTANT RULES & REGULATIONS

All Champion and Reserve Champion Market Lambs in the Junior Show must sell in the Market Lamb Sale and will automatically be entered in the Market Lamb Carcass Contest.

## SHOWING NOTICE

Any exhibitor pulling their market lamb from competition once they have entered the show arena or if an exhibitor who stood first or second in their class does not return for the championship class, the exhibitor will be disqualified from the show and will forfeit all premiums and awards won at the 2016 Ohio State Fair. In addition, the exhibitor and all members of their immediate family could be barred from future competition at the Ohio State Fair.

The use of muzzles on lambs is prohibited while on the Ohio State Fairgounds. The use of artificial coloring, painting or changing the breed qualities of a lamb shall be considered fraud and deception and will not be permitted at the Ohio State Fair Junior Market Lamb Show. All market lambs entered in the junior fair and open class market lamb show must be free of all drug residue of any type, including prescribed and illegal, at the time of show and be eligible for immediate harvestfollowing the show.

## SPECIAL RULES

1. All animals exhibited must have been a part of the exhibitor's project and cared for continuously by the individual exhibitor on and after June 1, including all showing rights. Ownership of an animal will be considered lost if after June 1, of the current year, the animal has been consigned or sold in a Junior Fair Livestock Sale.

2. The Market Lamb Sale for both Junior and Open division market lambs will be Thursday, July 28, 7:00 p.m. in the Sheep Arena. Junior Fair market lambs not selling in the sale will be released on Thursday night following the sale. All junior fair breed champions and reserve champions must sell.

3. All lambs shown in the market lamb show may be sold if the exhibitor desires.

4. The Grand Champion and the Reserve Grand Champion market lambs must sell in the "Sale of Champions". These two champions are not eligible for open class competition. It is the responsibility of exhibitor to feed and care for his animal until the animal is released on August 7.

5. All Champion and Reserve Champion market lambs excluding those in the Sale of Champions are to be sold in the Market Lamb Sale and will be loaded on the trailer to be taken to market immediately following sale.

6. All exhibitors may show and receive money on three lambs in the individual classes. An exhibitor is limited to showing and receiving premiums on six (6) individual market lambs.

7. Junior Exhibitors must show their own animals. Exceptions will be made only for exhibitors who may be physically impaired, who have two animals entered in the same class, or an exhibitor absent on show day due to other commitments. In case of these exceptions, another boy or girl who is eligible to be an Ohio Junior Division Exhibitor may exhibit the animal with the authorization of the Superintendent in charge. If a Junior Fair livestock exhibitor can not be present at the time of judging, the exhibitor will need to present to the Superintendent's Office a written permission notice signed by the football coach, band director or any other person in charge of an activity that is in conflict and prevents the exhibitor from being present at the time of judging. This notice must be on official letterhead of the organization prior to show day and include name, county, birthdate, home phone number, and complete address of the exhibitor, home and work phone number of the person in charge of the event (i.e. football coach, band director, etc.) and a brief description of the conflict.

8. (a) No lambs can compete in the market lamb show that do not meet their class weight requirements.

   (b) Lambs showing any evidence of testicular tissue are not eligible for competition in any market lamb class or to sell. Lambs which show recent castration and which are not healed are not eligible for competition in any market lamb class or to sell.

   (c) There will be an all-breed class for all lambs weighing 141 pounds and over at the time of the official weigh in. These lambs will not be eligible to compete for any other awards after the heavyweight class is placed.

   (d) All market lambs must be under one year of age and show lamb mouth.

   (e) All market lambs must be washed and freshly shorn and have a smooth appearance at the time of weigh in. Head wool is allowed.

   (f) Market lambs which do not make the minimum weights in the junior show will not be permitted to weigh again for the open show.

9. Purebred Market Lamb Classes:

   Breed Classes 3 through 15 are for purebred lambs of either sex. Market lambs must be born to purebred parents of same breed and must exhibit characteristics that would qualify them for registry. Lambs with black fiber regardless of reason are not allowed to show in classes 3 through 20, must show in classes 21 through 32.

10. Grade and/or Crossbreds:

Brockle Faced lambs are lambs showing evidence of both black face and white face breeding and will be open to lambs of either sex. Class 16. Natural Colored lambs must have natural colored wool over 50% of their body, excluding head and leg hair and will be open to lambs of either sex. Grade lambs are for grade or crossbred lambs that do not qualify for any of the purebred, brockle face and natural colored classes. Classes 21 through 32 will be open to lambs of either sex. Lambs removed from any other class for breed type or colored fiber will automatically be entered in classes 21 through 32.

11. The following classes will be divided by weight: Hampshire, Suffolk, Brockle-Face, Natural Colored and Grade.

12. The Market Lamb Breed Classifiers shall have the authority to rule out any market lamb being exhibited in purebred classes 3 through 15 and classes 16 through 20. The Ohio State Fair will hire two Breed Classifiers and Ohio Breed Associations will supply one classifier to review purebred classes. When two of the three judges agree, a decision of the majority will prevail. Should a Breed Association not provide a breed representative for classification, the two judges employed by the Ohio State Fair will make the final decision. Regardless of the method followed, the judges' decision will be final. Breed classifiers will review the purebred, brockle, and natural colored classes only, and are to use the same standards for eligibility of purebred lambs as would be used for eligibility when registering purebred breeding lambs. Any disagreement with breed classifiers' decisions can be voiced in an official protest as described in the General Rules found on the state fair website, www.ohiostatefair.com

13. Lambs will be weighed only once and within published weigh times.

14. Any of the listed breeds failing to exhibit a three year average total of 12 animals in the market classes will be cause for evaluation of putting that breed within the All Other Breed Class of the Market Lamb Show.

15. The Ohio State Fair management reserves the right to make on-farm visits and secure nose prints of project animals at any time after June 1. All project animals are to be made available if an on-farm visit is made.

.

16. Lambs can only be shown in one breed classification.

17. No market lambs will be released from the barn until after the sale on Thursday, July 28. All lambs are to be removed from the barn by 10:00 p.m., Thursday, July 28.

18. No pens may be reserved prior to the State Fair. Pens will be assigned during arrival hours.

19. Carpeting will be allowed only if the following conditions are met: a) No excess carpet may stick past the edge of the pen in either the pedestrian aisle or the exhibitors aisle. b) All carpet edges must be taped down to eliminate the problem of tripping over loose edges. c) All carpet must have either straw or shavings under the carpet in order to absorb moisture and reduce odor. d) All carpet must be removed from the pen at the conclusion of the show and either taken home or placed in the dumpster next to the sheep barn on the south side.

20. The Ohio State Fair is a slick sheared market lamb show. All lambs must be freshly shorn and washed by weigh in time. Head wool is allowed at weigh in. Lambs will be allowed leg wool from the knees and hocks down; belly and flank wool must be completely shorn.

21. One person per lamb in make up ring.

22. Parking permits are available only if you show in open class. See Open Class Sheep Division for procedure and cost.

## WEIGH-IN RULES

1. All lambs must be weighed and properly identified to be permitted to exhibit in the Ohio State Fair Market Lamb Show.

2. The top three lambs will be re-weighed at the conclusion of classes 3 through 33. Lambs must re-weigh within 5 pounds of the official weigh-in weight on the upper side only. Lambs weighing 140 will be allowed a 5 pound re-weight, with a maximum weight of 145 pounds. Lambs will move up in a class if a lamb is eliminated during re-weigh. No lambs will be eliminated on the lower side. No re-weighs will be permitted.

3. Any lamb not weighing 140 pounds or less at official weigh in will be placed in class 2. These lambs will not be eligible to compete for any further awards after class 2 is shown.

4. All lambs must have official USDA scrapie or premises ID in the lamb at the time of weigh in. The Ohio State Fair will no longer have official USDA identification.

The Junior Fair Market Lamb Sale will be handled in the following manner. Eleven (11) Division Champions and eleven (11) Reserve Champions will be competing to be the overall Grand and Reserve Champion Market Lambs. The twenty-two (22) Division Champions and Reserve Champions will be sold at the beginning of the Market Lamb Sale to be held Thursday, July 28, at 7:00 p.m. in the Brown Sheep Barn. After the sale, the Division Champions and Reserve Champions will be harvested for a Carcass Contest. Twelve Percent (12%) of the selling price will be deducted for each animal sold. This money will be redistributed for Carcass Contest premiums. Any lamb showing evidence of abscess or testicular tissue at the time of harvest will be disqualified from any further carcass evaluation. The overall Grand and Reserve Grand Champion Market Lambs will remain on display through the remainder of the Fair for the public to view and for the buyers to receive recognition of their purchases. Therefore, these two animals will not be competing in the Carcass Contest, but will receive a premium. Immediately after the Fair, the Champion and Reserve Champion will be harvested so their carcass data can be listed with the carcass results of the other Division Champion and Reserve Champion animals. All carcass lambs must meet the following standards to be eligible to receive premiums. Failure to meet all standards will eliminate the lamb from any premiums.

1. Minimum loin eye size of 2.5 sq inches
2. Minimum quality grade of low choice
3. Maximum carcass weight of 84 pounds
