Teams with five (5) members **MUST** designate one of those members as an alternate and **ARE NOT PERMITTED** to divide into teams of two (2) and three (3) members respectively.

which only allows senior team members. Therefore, if a junior is on a senior team, s/he is not permitted to participate in the national contest.

**QUESTIONS:**

1. Each set of teams within a round will be asked 30 questions. Bonus questions will have the same point value in each game within a round. The number of questions may be increased in later matches.
2. There are three types of questions:
  - a. **Regular Questions**
  - b. **Bonus Questions** – A bonus question is usually a question requiring a several-part answer or a difficult answer. See the point system summary for point values. Bonus questions WILL NOT be passed on to the other team in the event of an incorrect answer. There will only be one Bonus Question per team per match. When a team member answers a regular question correctly, that contestant will place a team bonus card by his/her name. Regardless of the number of members on a team, four (4) questions must be answered correctly by the team before a Bonus Question is earned as follows:
    1. Each member of a 4-member team must answer a question correctly.
    2. Each member of a 3-member team must answer a question correctly. Once each member answers a question correctly, one team member may answer correctly for the fourth question.
    3. Each member of a 2-member team must answer one question correctly. Once each member answers one question correctly, each team member must answer a second question correctly.
  - c. **Tiebreaker Questions** – A tiebreaker question is used to replace a question thrown out by the judges. It is also used for the extra questions needed to break a tie between teams.

**SCOREKEEPING**

1. The point value of correct responses, bonuses, and penalties are as follows:

Correct Answer	Plus 5 points
Incorrect Answer	MINUS 5 points
Response Penalty – Contestant not acknowledged	MINUS 5 points
Response Penalty –No answer started within 5 seconds	MINUS 5 points
Bonus Question – Correct Answer	Plus 10 points
Bonus Question – Incorrect Answer	No penalty

## MATCH TIES

1. In the event two teams have a tied score at the end of a round, the tie will be broken by asking an additional five (5) questions.
2. Tiebreaker points do not get added to individual, team, or team bonus scores. They are used only to break match ties.

## MECHANICS OF PLAY

1. Format
  - a. A double elimination tournament style format will be followed. Any team which loses two games will be eliminated from the contest. The contest will continue until only one team remains with less than two losses.
2. Pairings, Byes, Order of Play and Placings
  - a. Junior Teams – Seedings will be determined by random drawing of teams entered.
  - b. Senior Teams – One member selected by each team will take a 25-question written quiz the morning of the contest (time of quiz to be determined). Quiz scores will be used to seed teams.
    1. In the case of two teams with identical written quiz scores, the seeding will be determined by a coin toss.
    2. The written quiz scores will be used only for seeding senior teams and will not be added in again at the end of the oral competition.
  - c. In the event an odd number of teams register, a “bye” will be awarded to allow all teams to participate.
3. The moderator will ask a question.
  - a. The first person who activates a buzzer must be ACKNOWLEDGED before starting to answer the question or will LOSE five (5) points.
  - b. After a contestant has been acknowledged, s/he has five (5) seconds to start an official answer or will LOSE five (5) points. It is the responsibility of the moderator to determine if an official answer was started within the 5-second time limit. **The answer must be completed within 20 seconds after initiating the response.** Repeating the question does not constitute the initiation of an answer.
  - c. If a question was read to completion, the judge(s) may ask the contestant to explain, expand, be more specific, or clarify their answer. If the answer given is the same or means the same as the expected answer, it will be accepted. If the answer is different from the expected answer, it will be referred to the judge(s) for a decision.
  - d. If an incorrect answer is given, the team will LOSE five (5) points.
  - e. If the question has been completely read and an incorrect answer given, the moderator will not repeat the question, but the other team will have the opportunity to buzz in within five (5) seconds.
  - f. Timing will begin when the question is complete and when a signal is activated.
  - g. Once a contestant starts spelling a word the contestant may stop and begin again, but can only re-trace the spelling previously given. The same holds true for a contestant with a fill-in-the-blank question. The contestant can restart, but not change what has already been said.
4. When a signal is activated before the question is completely read the moderator shall stop reading the question. The contestant then has five (5) seconds to start the answer based on the portion of the question, and 20 seconds to complete the question.
  - a. If the answer is correct, the team will receive five (5) points.
  - b. If the answer is incorrect or incomplete, the team will LOSE five (5) points.
  - c. If a question is INTERRUPTED during the reading of it, the moderator will stop reading as soon as a buzzer is activated. The contestant responding has five (5) seconds after being acknowledged to begin his/her answer. If the answer given is correct for the way the question was written, it will be accepted. If the answer given is correct for only the portion of the question heard, but

wrong for the way the question was written, the answer will not be accepted. If the question was interrupted, the judges will not be allowed to ask for any type of clarification of the answer given.

- d. If an interrupted question is answered incorrectly, the question shall be completely reread and the other team will have the opportunity to answer.
5. If neither team can offer an answer to the question within the five (5) seconds allotted for each team to start an answer, the moderator will give the answer, the question will be dropped, and neither team will forfeit points.
6. The ONLY discussion allowed between team members will be on BONUS questions. These answers MUST come from the team captain.
  - a. Only the number of answers required by the bonus question will be accepted. Example: If the bonus has a four-part answer, the first four answers given by the team captain will be accepted.
  - b. On a bonus question, the team may have ten (10) seconds to consult. Time will be called at the end of ten (10) seconds. The captain must start the answer within five (5) seconds.
  - c. Once the captain starts the answers, s/he will have thirty (30) seconds to complete the answers required.

#### **PLAYING TEAMS AND ALTERNATES:**

1. Only four contestants shall be seated at the panel at any one time. Seat position must be declared prior to competition, and youth must remain in this seat for the duration of the entire contest. The only exception is when an alternate replaces a seated player during a match or the competition.
2. During any match only one alternate may be replaced at the panel when:
  - a. The moderator, team captain, or team coach deems it impossible for one of the seated members to continue.
  - b. The captain or coach of a team requests the replacement of a team member.
3. When an alternate comes to the game table, if a bonus card is showing for that chair, it must be forfeited (turned around) and earned by the contestant coming into the game.
4. The team member removed from a match becomes ineligible to return to that particular match. The team member removed and the replacement member are both eligible to participate in further matches. A five-member team is strongly encouraged.
5. Members removed from the game table for disciplinary reasons may not come back to any more matches in the competition.

#### **INDIVIDUAL SCORES:**

1. Scores will be kept for each individual contestant, with the high 10 individual contestants in each age division receiving special recognition.
2. Only those contestants who have participated in three or more matches will be considered for individual awards.
  - a. The high three match scores for each individual will be used in cases where individuals participate in more than three matches.
3. Ties for individual awards will be broken on the basis of:
  - a. First tiebreaker: High average score for the entire contest
  - b. Second tiebreaker: High individual match scores
  - c. Third tiebreaker: Total number of points earned in the contest

#### **TIME OUTS:**

1. The team captain, coach, or any staff member may call for a "timeout" for clarification of a rule, score, to seat an alternate, or to allow for any unexpected problem. The "timeouts" may be called only after a question has been answered and before the next question starts.

### **HOLDING ROOMS:**

1. All teams, alternates, and coaches must remain in the designated holding area until it is their turn to play.
2. After their round match is played, teams, alternates, and coaches must go to an appropriate designated area until the conclusion of the round in progress.
3. After the round is completed, all teams, alternates, and coaches (not eliminated from the contest) must return to the designated holding area to await their next match.
4. All coaches in the holding area are responsible for the supervision of their teams. These rules are a matter of ethics and require the cooperation of all team members and coaches.

### **CONTEST PROCEDURES:**

1. Teams are assembled and seated at their respective panels with the designated team captain seated in the #1 chair nearest to the middle or the timekeeper. Each contestant is given the opportunity to check the equipment.
2. Each team member will have a participation bonus card facing down. They will be blank to the scorekeeper(s) until that contestant gives a correct response to a question. At that time the card will be turned face up toward the scorekeeper.
3. The designated set of questions for each round is read by the moderator and verified with the judge before starting the game. Prior to reading a question, the moderator will announce the number, type of question (regular or bonus), and the contestants eligible to respond. Each succeeding question will be read in this manner until all of the questions for that match are read. The correct answer will be given for all unanswered questions or wrong answers.
4. Contestants who respond to a question will receive the appropriate points applied to a particular question. Appropriate penalties will be deducted as warranted.
5. If the time (5 seconds) in which a member may buzz in to answer a question elapses without a contestant activating a buzzer, there will be no loss or awarding of points to either team. After the response time has elapsed, the answer will be given and the next question read.
6. If the buzzer is activated and an answer is not started within the 5-second allowable time, there will be a 5-point penalty imposed against the contestant who activates the buzzer and their team.
7. If the judge(s) elect to not use a game question, it must be replaced by another question so the total number of questions to be asked will remain equal in each match.
8. If a question is answered incorrectly, the other team will have five (5) seconds to answer the question. The member on the other team activating the buzzer must be acknowledged before answering the question.

### **INFORMATION RESOURCES:**

1. **Only answers contained in the *National 4-H Avian Bowl Manual* revised in 2016 from the chapters/sections outlined in the 2016 Study Packet will be acceptable to the judges.**

### **TEAM PLACINGS:**

1. Team awards will be given to five (5) places and based on the predetermined procedure of play.
2. Every team will participate in a minimum of two matches.
3. The rank of teams will be determined on the basis of their position within the double elimination bracket. After two losses, the teams eliminated in the same round will be placed on the basis of the higher scores in the eliminating round...third place to the highest score, fourth place to the next high score and so on.
4. Subsequent tiebreakers: (1) Total average of all games played in double elimination games that include bonus questions; (2) Highest match score in double elimination games with bonus

questions included, and (3) Total score of the top two matches in double elimination games including bonus questions.

#### **EQUIPMENT FAILURE:**

1. It shall be the responsibility of the moderator to assure each contestant that all equipment is operating correctly at the start of each match. Back-up units will also be available.
2. If the device being used ceases to function during a match or is believed to be malfunctioning, a "time out" will be called by any contestant, the staff, or by either coach.
3. If after checking the device it is determined there is an equipment malfunction or failure, the fault part(s) or unit will be replaced and play resumed.
4. Scores accumulated to the point of the "time out" shall stand and all further points awarded during the remainder of the match added to or subtracted from this total.
5. If the judges or moderator deem it advisable, points awarded for the two questions asked immediately prior to determination of the equipment failure may be recalled and two additional questions used.
6. Under no circumstances shall there be a replay of a match in which there was an equipment failure.

#### **TRANSCRIBING QUESTIONS:**

1. Transcribing contest questions by any means during the competition is prohibited. There will be no handwriting, typing, recording, computer or phone use, etc., in the contest rooms. Affiliated teams will be eliminated from the competition for violation of this rule.

#### **PROTESTS AND VERIFICATION OF QUESTIONS AND/OR ANSWERS:**

1. Verification of a question and answer is permissible.
2. Only protests made in a courteous, respectful manner will be acknowledged.
3. A protest must be made before the reading of the next question.
4. An "official" protest of a question or the answer to a question may be called for by a team captain or the official team coach(es). The judge and moderator will consider the protest. Their decision in all cases will be final.
5. If an "official" protest is acknowledged, play will be stopped, and the designated official(s) will consider the protest and make a decision. A 1-point penalty will be assessed to the team making the protest if the protest is not upheld.
6. To sustain a protest, the judge and moderator must agree to keep or replace a question or to determine the validity of an answer.
7. If the protest is sustained by the officials, the moderator and scorekeeper(s) will take one of the following actions:
  - a. If the question is determined by the officials to be a poor question, it will be replaced and open to all contestants seated at the game table, depending on the type of play (regular or bonus questions).
  - b. If the answer to the question received a call for verification, the designated judge(s) will determine the validity of the answer. Points will then be awarded or subtracted as appropriate.

- c. If a question was protested after an answer is given, the designated judge(s) will determine the validity of the protested question. If the validity of the question is allowed, points will be awarded or subtracted as appropriate. If not, the question will be replaced.
