ENTERING PROCEDURE

All entries close June 20. All entry information: breed of animal, division number, class number, name of animal, sire name, registry number, date of birth, tattoo number and sex of animal must be included on the entry form. **Failure to** provide all information listed above will result in a \$75 fee, over and above the entry fee. Exhibitors will be permitted one substitution.

Breed association representatives are expected to check in their breeds and to assign stalls once the department has provided them their barn stall allocations. A program for each breed will be posted listing animals to be shown.

Exhibitors may make as many entries in individual classes as they choose. Three animals may be shown in an individual class, but only two animals per class can win premiums, ribbons and placings.

Do not make entries in champion classes.

Any animal which is not entered in single classes will not be permitted to show in group classes. Animals owned in partnership may be shown by only one member of the partnership in group classes.

All animals, regardless of age, must be recorded and appear in the name of the exhibitor on the records of their respective associations, by July 27.

Entries will not be accepted unless animals are registered.

All exhibitors must be prepared to show the original certificate of registration at check-in. Electronic registraton papers will be accepted. Copies will not be accepted. Failure forfeits right to show.

A multi-registered animal may only be shown as one breed and by one exhibitor in both the open and junior show.

No premiums will be awarded unless animal corresponds to description and ownership as shown by registration and transfer certificates.

Any breed failing to exhibit a 3-year average minimum of 20 animals will be evaluated by management regarding continuation of the breed in future shows.

All exhibitors may be asked to parade their cattle and to furnish cows for the judging contest, at the request of the management.

All bulls six (6) months of age or more must have a "nose" lead used at all times. Permanent nose leads/rings are desired but not mandated at this time.

JUDGING TIMES

Times listed are approximate start times for each show. Management reserves the right to alter show times based upon completion of preceding shows in the arena.

BREED DISPLAYS

Breed associations may erect a breed exhibit display. However, no premium money will be paid for exhibits. The Beef Department Management will designate space for Breed Booth Displays.

PREMIER EXHIBITORS AWARD

Cannot exceed ten animals shown and exhibited in the open single classes. If a herd is registered in the names of the immediate members of a family (i.e. husband/wife, children or grandchildren) this herd will be considered as a single entry for the premier exhibitor award.

PREMIER BREEDERS AWARD

The American Angus Association®, 3201 Frederick Avenue, St. Joseph, Mo., will participate in premiums offered for open class Angus breeding cattle classes according to the premium schedule based on the number of head shown. The premium assistance provided by the American Angus Association for participation in this show is in addition to the premiums offered by the show itself. The premium assistance should not be used to offset show expense and shall be included in the premium payments distributed by the show to the exhibitors.

A minimum of 50 head must be shown in the open class division to receive American Angus Association premium participation for the following year.

Premiums from the Association are paid only to registered Angus cattle and only if the registration number is a part of the show report provided to the Association. Therefore, all cattle should be registered at the time of entry to make certain they receive the Association's portion of premiums. The Association does not pay on championship or any group classes, (i.e. get-of-sire, junior get-of-sire or breeder six-head).

Exhibitors must have the original registration certificate issued by the American Angus Association available for inspection at the show for each animal or another current proof of ownership issued by the American Angus Association pedigree look up. Any animal, upon check-in, which does not have a legible permanent identification mark (ear tattoo marks, freeze-branded marks or hot-branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be re-identified (tattooed/branded) and rechecked at the show.

Any female shown with a calf at side: the calf must be the cow's most recent natural calf, and the calf must be registered by show day and have proof of registration at check in.

Only one person at a time shall lead an animal into the show ring.

Exhibitors who participate in shows that accept premium monies contributed by the American Angus Association are subject to the Association Rules as found in the Breeders Reference Guide of the Association. These rules are found in Part 2; Association Rules. The rules relating directly with the exhibition of Angus cattle are Part 2: Association Rules; Rule 800 Series; including Rule 800 - 810. These rules can be found at www.angus.org.

Altering the conformation and/or appearance of an animal for exhibition is prohibited. This includes the covering of white skin, false tail heads (or use of any false hair), with the exception of false tail switches. The use of graphite, powders, hemp or other similar substances used externally are also prohibited. Other prohibited products include those used internally such as steroids, illegal or unlicensed pharmaceuticals or artificial filling. Any animal found to be in violation will be barred from showing.

At any show for which the American Angus Association appropriates funds toward the payment of premiums, no exhibitors, individuals assisting exhibitors or member owners at such show shall be allowed to use any coloring agents, on any animal exhibited. The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a "white towel" or "white glove" test. No aerosol cans or other pressurized containers will be allowed in designated line up areas.

All animals exhibited are subject to DNA marker or blood type test to verify accuracy of parentage as covered under the Association Rules and for other testing as required by the individual show.

Authorized representatives of the Association have the authority to enforce the rules set forth herein as well as in the Association Rules, including the barring of a registered animal from a livestock show at which it is to be shown, if there are reasonable grounds to believe a violation has occurred.

Exhibitors making entries in individual classes must do so in the full membership name of the present owner or owners as it appears on the registration certificate. Youngest class will be shown first, with animals being led in, order of age, with the youngest to oldest with individual entry number for each animal. There will be a cow calf class. No age limit on cows. Calves may also be entered and shown in individual classes. All cows and calves will be shown in one class. Cow/Calf are not allowed to show for Grand Champion Female.

Rules and Classifications

Exhibitors in Hereford classes are subject to the Association's special rule on class qualification, and any animal without a legible tattoo will not be eligible for show. For state and regional shows, all Hereford animals must be officially recorded at show time to be eligible to show.

Premier Exhibitor and Premier Breeder — Awarded with the following point system: first place = 5 points; second place = 4 points; third place = 3 points; fourth place = 2 points and fifth place = 1 point. No points will be given for champions. Points will be awarded for the best six head for premier exhibitor. The same scoring system as above will be used for awarding points for the group classes.

Points for show bull and show female of the year will be based on the Regional Show Point System. Animals do not have to show in a regional show in order to be eligible for show bull or female of the year in the respective four quadrants. An animal may only win show bull or female of the year for one quadrant per year. Ownership percentage followed by ownership succession (breeder, first owner, second owner, etc.) will determine from which quadrant the animal will be recognized.

If there are more than 10 animals in a class the AHA show committee recommends that the class be split.

2. Each owner must be a member in good standing with SGBI. No outstanding balances on an active or junior members account.

3. All animals accepted for exhibition in an SGBI sanctioned show are subject to inspection at each show between arrival on grounds and prior to entering the show ring. The inspection will be conducted by a committee comprised of two (2) members of the Shows and Exhibits Committee and one (1) from the Breed Standards Committee.

4. Heifers twenty-four (24) months or age or older must be safe in calf as verified by a graduate veterinarian or have produced a live, Santa Gertrudis sired calf with that calf at side meeting the Standard of Excellence and the calf must be registered by thirty (30) days of age. If the animal is open due to being an embryo transfer program this fact must be verified by a written statement signed by a licensed embryo technician in order to show.

5. All late summer yearling bulls and older must be exhibited with a nose ring or nose clip.

6. All animals must be registered or recorded and PERMANENTLY identified before the show with a brand ID or an ear tattoo.

b. Juniors participating in Open Shows are allowed and encouraged. Entry must be shown by owner or family member (sister, brother, mother, grandparent, legal guardian, relative by blood). No animal may be fitted or shown by any open exhibitor at any time during the junior's ownership period. An exception is transportation, feed, and care for the duration of the show. In the event of an emergency another junior member may show the animal with the approval of the Shows and Exhibits Chairman or his/her representative.

8. FITTING

a. Purebred fitting — All purebred animals must be exhibited with the hair brushed down on the entire body, legs, and tail with no foreign objects attached to the animal in a manner as to alter the animal's conformation or change its appearance. *Exhibitors failing to abide by this rule will not be allowed to show.*

Specifically, all hair must be brushed down slick; head clipped smooth; underline clipped blending sides; udder and teats clipped with no long hair to emphasize udder; ears clipped as to environmental and local standards; neck and brisket clipped; body clip using common sense as to season; leg hair clipped and do not leave long from hock or knee to hoof; tailhead clipped; pull switch or brush out (no ball, etc.) trim tail to personal preference.

All cattle must be purebred and have an original registration paper (no copies accepted) to be eligible to show.

All animals must be registered as the property of the exhibitor in the records of the American Shorthorn Association by the time of the Fair.

Individual animals shown in all of the group classes listed below must have been entered and shown in one of the following classes for single animals. Multiple owned animals must be exhibited in the name of all owners.

Family bred and raised animals entered by Juniors in Junior classes and subsequently entered in Open Classes may be treated as family entries in group classes.

All Shorthorns and Polled Shorthorns are subject to a tattoo inspection by representatives of the Association. All Shorthorns and Polled Shorthorns are also subject to an age inspection if deemed necessary by the American Shorthorn Association and the decision of the examining veterinarian is final. Use of artificial fins on show animals is not permitted.

IMPORTANT: Each of the following classes may be broken into multiple classes to accommodate large numbers of entries, but separate classes may not be combined into one. For example, there may be four "Junior Heifer Calf" classes, but there may not be one single "Spring Heifer Calf" class (combining Late and Early Spring calves).
