

Franklin Soil and Water Conservation District is excited to return to the Ohio State Fair to host a Backyard Conservation Day!

Join us Thursday, August 3, 2016 from 10a-5p at the Showplace Pavilion for backyard conservation exhibit and displays, fun activities for kids, educational materials for adults and information on our new Rain Barrel, Compost Bin and Native Plant rebate program.

Franklin Soil and Water Conservation District's mission is to promote responsible land use decisions for the conservation, protection and improvement of soil and water resources by providing information assistance through effective partnering, technical guidance and education.

We will be available to answer questions, provide information on conservation and urban farming practices and connect you to new and fun ways to implement backyard conservation practices in your home.

For more information on our Backyard Conservation Day at The Ohio State Fair, please contact Franklin Soil and Water at (614)486-9613 or visit [www.franklinswcd.org](http://www.franklinswcd.org).
